

### GOOD BUYS

#### MELONS

Turlock Cantaloupes and King of the West Honeydews are available and delicious, Local Cantaloupe is in!

#### GRAPES

Excellent red and green grapes, and champagne and red globe grapes are available.

#### STONE FRUIT

Local yellow and white peaches and plums are available and delicious. All stone fruit, including apricots and nectarines are available from California.

#### BROCCOLI & BROCCOLINI

Supplies are steady and quality is good.

#### EGGPLANT

Excellent quality eggplant coming from various local growers, baby eggplant available too!

#### CELERY

Plenty of supplies available and excellent quality.

### AUGUST FRUIT OF THE MONTH LOCAL YELLOW + WHITE PEACHES

It's peak local season, so why not feature it as our fruit of the month! This month is double-trouble with both yellow and white peaches! Juicy and full of flavor, these are perfect to give to customers or add to a dish. They are coming from numerous local farm partners of Keany.

#### FIGS

Fig season has started from Maywood Farms - Organic Black Mission Figs are available, call ahead for Green Kadota.

#### BUSHEL BEANS

Beautiful beans are still available locally and new crop from Torrey Farms in NY.

#### ZUCCHINI & SQUASH

Local squash supplies are abundant and quality is outstanding.

#### MANGO

Kent variety of mangoes have excellent quality, market will transition soon.

### PEAK SEASON

#### CITRUS

Clementines are in a 8x3LB pack from Uruguay, perfect for a citrus salad. Lemons are steady with great yields. Limes are transitioning to a new crop, with larger sizes more difficult to obtain. Oranges will have higher demands as schools start soon.

#### BERRIES

Raspberries remain steady; strawberries have experienced some weather-related issues in California. Blackberries remain tight across the market. Blueberries are on the rise for the next week for as growing areas transition.

#### APPLES & PEARS

New crop apples will start in the next 2-3 weeks, first with Gala. Local Asian Pears and Bartlett Pears have started with great quality.

#### WATERMELONS

Lower supplies on watermelon, but quality is excellent. Local yellow-flesh watermelons are in full-stock from Lois Produce.

#### AVOCADOS

Oil content is much better so quality is outstanding on all avocados. Prices are stable.

#### CORN

Supplies are better, and quality is excellent.

#### LEAFY GREENS + BLENDS

Romaine, Romaine Hearts, and Iceberg have jumped up a little. Lettuce blends are in great supplies. Little Gem Lettuce has low supplies.

#### PEPPERS

Yellow peppers and local green peppers are in good supplies. Red peppers are active with some gaps in supplies, on 15 LB domestic and bushel, for the next week.

Eggplant, Peppers, Squash + Cucumbers | Hess

### ALERT

#### ANISE FENNEL

Gaps in supplies continue to due to weather issues affecting harvest.

#### PINEAPPLE

Market remains very active on all sizes since blooms were not pollinated. Expect to see market high through September.

#### JUMBO ASPARAGUS

Extremely difficult to obtain larger sizes due to harvest transitions, weather, and lower supplies out of Peru. Overall quality is good.

#### TOMATOES

Supply issues across the board with some gaps possible on smaller sizes (6x6). California growers have not picked up the volume of other growers out of business.
