

# MEMORANDUM

**TO:** Our Valued Customers  
**FROM:** Daniel O'Rourke, Director of Purchasing  
**SUBJECT:** TRICKLING SPRINGS CREAMERY

---

**MESSAGE:**

As of Friday, September 27, 2019, Tricking Spring Creamery has closed permanently. We will be able to offer their products while our supplies last, approximately for the coming week. We are working diligently to find another local creamery to partner with, and will update you as soon as one is confirmed. In the meantime, we have a full line of dairy products from Lehigh Valley Dairy that can fulfill your orders. Please reach out to your Account Executive for more information.

We want to thank Tricking Springs Creamery for the invaluable partnership with Keany over the past several years. We wish for all the best to their employees and dairy farmers.

Below is the official statement from Tricking Springs Creamery:

*We regret to announce that effective September 27, 2019 Tricking Springs Creamery will be shutting down plant operations. We would like to express appreciation to our wonderful employees for their dedication and hard work as well as the farmers who stood beside us and supported our mission. We are especially grateful to the community who has supported and loved our products throughout the past 18 years. Our Chambersburg retail store will be open through Saturday, October 5th 4:00pm.*

*Sincerely, the owners of Tricking Springs Creamery*
