

Onion Recall

Date: 8/1/2019

Dear Valued Customer,

The U.S. Food and Drug Administration (FDA), along with the Centers for Disease Control and Prevention (CDC), and state and local partners, are investigating a multistate outbreak of *Salmonella* Newport infections linked to fresh whole red onions exported by Thompson International, Inc. located in Bakersfield, CA.

Keaney Produce & Gourmet is **not** affected by this recall. The investigation is ongoing. We will continue to monitor the situation for any changes.

Please refer to the FDA link below for additional details
